## About FKCCI

Federation of Karnataka Chambers of Commerce & Industry (FKCCI), a distinguished organization with a legacy spanning 108 years, was founded by the illustrious Bharata Ratna Sir. M. Visvesvaraya, renowned for his engineering prowess, visionary leadership, and remarkable contributions to institution & nation building. His legacy began with the establishment of the Mysore Chamber of Commerce on May 8th, 1916, which diligently served the interests of the business community from its inception. Subsequently, the Chamber evolved into the Federation of Karnataka Chambers of Commerce and Industry (FKCCI). Over the past century & more, FKCCI has been guided by distinguished industrialists, solidifying its position as the apex organization for industry, trade, and service sectors in Karnataka.

Since its inception, FKCCI has been committed to promoting state & national interests through fostering economic growth, both through public and private sector initiatives, and actively influencing policy-making at State and Central levels. Its membership base, representing diverse sectors of industry, trade, and services, underscores its widespread influence.

With more than a century of dedicated service to Commerce and Industry, FKCCI ranks among the country's foremost chambers and holds the distinction of being one of the oldest chambers in any state in India.

Presently, FKCCI has a membership of

**3,800** direct members

**2,50,000** indirect members

across Karnataka, including

**29** District Chambers of Commerce

**151** Trade Industry Associations

The Federation is a member in national bodies such as FICCI and FIEO facilitating trade collaborations between Karnataka industries and international enterprises, through its global affiliations. FKCCI actively engages in discussions with international trade entities, furthering opportunities for Karnataka's industries on the global stage.

## About MSME

Micro, Small and Medium Enterprise (MSME) is a highly vibrant and dynamic sector of the Indian economy. MSME sector not only plays a crucial role in providing greater employment opportunities at comparatively lower capital cost as compared to large industries but also helps in industrialization of rural & backward areas, thereby reducing regional imbalances and assuring more equitable distribution of national income and wealth. After Agriculture, MSME sector holds the second largest share in employment generation. MSMEs also contribute enormously to the socio-economic development of country by acting as the backbone of the industrial sector in terms of their numbers.

## Aims & Objectives

The MSME Conclave-2024 aims to enhance the connection between Micro, Small, and Medium Enterprises (MSMEs) and Public Sector Units (PSUs) and corporate entities under the government's procurement preference scheme. Its goal is to better understand the procurement needs, enabling MSMEs to compete in the global market through vendor development, focusing on the creation of indigenous products under the Make in India program.

## Context

When India is reaching its 5 Trillion Economy levels it is an apt time for the MSME sector to gather under one roof to explore solutions, make new connections and listen to those leading the way in smart manufacturing and engineering manufacturing & services showcasing cutting-edge innovations in hardware / software and AI solutions to the current industry.

Keep your finger on the pulse of developments in the sector and discover how to navigate this increasingly complex and technology-driven landscape during this conclave.

## STALLS FOR DISPLAY

Stall facilities available the display of your products & services.

## CONFERENCE / EXPERTS SPEAK

Listen to experts from manufacturing and engineering speak about the latest solutions from companies leading the way in technology advancements.

## B2B - VENDOR DEVELOPMENT MEETS

With manufacturing & engineering business PSUs in attendance, it's THE place to engage in B2B meetings with companies like BHEL, BEML, THALES, BEL, TATA Advanced Systems, Railways and full spectrum of industry from design, engineering, manufacturing, maintenance & services.

## SECTORS
